UnicornHygienics

WC/URINAL CLEANING AND DEODORISING SOLUTIONS

Keep your washrooms consistently clean, odour-free, and hygienic with our comprehensive range of WC and urinal cleaning and deodorising solutions. Our portfolio includes automated dispensers, liquid refills, urinal mats, and biodegradable deep-clean treatments, giving you the tools to deliver high hygiene standards efficiently.

Engineered for ease of use, reliability, and low maintenance, these systems reduce bacteria and odour build-up while providing long-lasting freshness. Our solutions help you streamline workflows, optimise service schedules, and maintain a welcoming, professional washroom environment for users, all while keeping operational costs under control.
