Sanicare Compact combines the sleek, practical design and reliable performance of our original Sanicare with a reduced height, making it an ideal solution for washrooms where space is limited.

Available in white with a smooth gloss finish, Sanicare Compact is designed to fit discreetly into a wide range of washroom environments.

The front-facing trap allows the unit to be positioned on either side of toilet cubicles, providing greater flexibility for installation and ease of use for both servicing teams and end users. A quick-release lid also ensures fast and efficient servicing.

Sanicare Compact is made from recyclable materials.
