LONG LASTING
LARGE COVERAGE
EXTENSIVE SELECTION

Our fragrances create different ambiances and provide a freshly fragranced environment.

Fragrance Consistency:

Intensifying and matching your preferred aroma is possible with us thanks to our large selection of fragrance available across our washroom products.

Reduction in Malodour Perception:

Our fragrances contain a malodour counteractant innovative technology. Rather than masking odours it neutralises the active malodour molecules and replaces them with the desired fragrance. These reduce at least 70% of the malodour perception.

- Coverage: 20 to 60 sqm
- 3000 metered sprays per aerosol
- CFC Free. Environmentally friendly propellant
- Ozone Safe
- Made in the EU
- MSDS safety sheets available
- REACH Normative

Unicorn Hygienics complies with the WEEE directive on the disposal of Waste Electrical and Electronic Equipment
